

Alabama State Bar Rules Governing Election and Selection of President-Elect and Members of the Board of Commissioners

Statement of Purpose

The Board of Bar Commissioners believes that the honor and responsibility of the offices of President-Elect and Commissioner should attract only the most qualified persons who have given repeatedly and unstintingly of their time and abilities in the strengthening of the profession, the work of the Bar, and the discharge of its duties to the public and to the judicial system, and who have thereby gained the experience and understanding necessary to properly discharge the important and complex tasks inherent in these offices. Recognizing the diversity of the bar in terms of geography, background, practice areas, ethnicity, and gender, the rules governing the election of these important officers of the Bar were adopted in order to encourage a broad participation in the work of the Bar and to avoid the type of campaigning which can cause divisiveness, polarization, and diminished collegiality of the Bar. These rules attempt to discourage intense campaigning for these offices which entail the outlay of considerable amounts of time and money and tend to limit candidates to wealthy lawyers, to members of large firms, or to members of organized groups. We earnestly request, therefore, that all persons who seek these high offices in Alabama will conduct their campaigns, and encourage their friends and supporters to campaign on their behalf, in the spirit of these rules and in keeping with the dignity of these offices.

These rules are adopted to govern election of the President-Elect and Commissioners of the Alabama State Bar, pursuant to Sections 34-3-16 and 34-3-40 through 43, Code of Alabama (1975). In adopting these rules, the Board of Commissioners of the Alabama State Bar expresses its intent that they supersede all previous rules and policies on these matters.
