The Affordable Care Act and CHAMPVA

The Affordable Care Act, also known as the health care law, was created to expand access to affordable health care coverage to all Americans, lower costs, and improve quality and care coordination. Under the health care law, people will have health coverage that meets a minimum standard (called "minimum essential coverage"). If you are enrolled in CHAMPVA, you don't need to take additional steps to meet the health care law coverage standards. The health care law does not change CHAMPVA benefits or out-of-pocket costs. For additional information, visit VA's website at http://www.va.gov/aca, or call 1-800-733-8387.

WELCOME!

Welcome to the Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA)!

CHAMPVA shares the cost of certain medically necessary procedures and supplies with eligible beneficiaries. We do not have a network of health care providers, so you can visit most authorized providers. This guide contains the most important information you need to know.

If you have questions about CHAMPVA, or to obtain approval for any medical procedure that requires authorization (see page 18), please call us at 1-800-733-8387. Our phone system allows you to speak to a customer service representative directly, or you can select from other options to have important forms and other information mailed to you.

You can also obtain forms and other important information about CHAMPVA on our website, http://www.va.gov/hac

Our "home page" provides links to program guides, fact sheets and the forms you need to file a claim or to inform us of changes in any other health insurance you may have.

You can mail us with general questions at:

CHAMPVA PO Box 469063 Denver CO 80246-9063

Claims can be filed by mailing them to:

CHAMPVA Claims PO Box 469064 Denver CO 80246-9064

You should promptly inform us of changes in any other health insurance that you may have. You can call us at 1-800-733-8387, or write to:

CHAMPVA

PO Box 469063

Denver CO 80246-9063

You can also inform us of any changes in your address by calling 1-800-733-8387 or writing to:

KEEP THIS GUIDE

This guide provides important information about CHAMPVA. The guide may also be found on our website at http://www.va.gov/hac

The guide is not reprinted yearly. Occasionally, there will be a change that could impact your eligibility, benefits or costs. When that happens, we will send you a notification and ask you to add it to your guide. Please remember this publication is only a guide. The law, regulations and policy manual are the authoritative guidance for CHAMPVA. The CHAMPVA Policy Manual can be found at http://www.va.gov/hac/forbeneficiaries/champva/policymanual

FINDING INFORMATION IN THIS GUIDE

The Table of Contents lists topic areas by section, with corresponding page numbers.

Each section starts with a summary of the most important information in that section.

The Index begins on page 85 and is an alphabetical listing of the topics addressed in this guide, with corresponding page numbers.

Words and acronyms highlighted in green text in this guide are defined on pages 80–84.

APPLYING FOR CHAMPVA BENEFITS

Information on how to apply for CHAMPVA can be found on our website at http://www.va.gov/hac or by calling us at 1-800-733-8387.

SPECIAL NEEDS

Hearing impaired callers can use the Federal Relay Operator at 1-800-877-8339.

When English is not your first language, we can arrange for a translator. When you call us, we will ask our translation service to participate in the phone call.

We can also provide, on request, a copy of the CHAMPVA Guide in any language, as an audio book, or in Braille. It will take about six weeks to provide the translated guide.

HELPING YOU TAKE AN ACTIVE ROLE IN YOUR HEALTH CARE

Our first priority is to keep you healthy. Studies have shown that patients who are well informed about their care and effectively communicate with their health care providers report better overall health. That's why we encourage you to take control of your health and become an active partner every step of the way.

Effective communication with your provider can begin before your first appointment. Make a list of any prescription or over-the-counter (OTC) medications you take on a regular basis, as well as the dosages. Make a note of any symptoms you may be having, including duration, intensity and what, if anything, relieves the symptoms. Be sure to also make a list of any questions you may have and prioritize them so you are sure to get answers to your most urgent concerns.

During your appointment, be sure to ask your physician to explain any terminology or procedure you don't understand and write down the answers, if necessary. If you are prescribed any medications, make sure that you know how much you are supposed to take and when you are supposed to take them.

Here is a list of questions that may also help you to gain understanding of your condition:

- Why do I have this problem?
- How will this problem affect me in the future?
- What treatment is needed?
- Will the treatment require any changes to my diet or lifestyle?

Words that are in bold green print are defined on pages 80-84.

- What will happen if I don't treat this condition right away?
- Do I need any tests?
- Why do I need this medicine, and how long will I need to take it?
- · Are there any foods or drinks I should avoid while taking this medicine?
- What are the side effects of this medication?
- When should I schedule a follow-up appointment?

SUGGESTIONS FOR LONG-TERM CARE ASSISTANCE

As you read about the benefits described in this guide, you will find that long-term care is not a covered CHAMPVA benefit. Long-term care, or **custodial care** as it is also known, can be provided in nursing homes, assisted living facilities, adult day care or at a patient's home. It involves assistance with activities of daily living or supervision of someone who needs assistance with walking, personal hygiene, using the toilet, dressing, cooking, feeding and medication.

Because neither CHAMPVA nor Medicare covers long-term or custodial care, we are providing you with some options that you might want to consider as you plan ahead.

Long-Term Care Insurance

This insurance is sold by private insurance companies and usually covers medical and nonmedical care to help you with such personal needs as bathing, dressing, using the bathroom and eating.

For more information about long-term care insurance, get a copy of "A Shopper's Guide to Long-Term Care Insurance" from your State Insurance Department or the National Association of Insurance Commissioners at https://eapps.naic.org/forms/ipsd/Consumer_info.jsp

Life Insurance Policies

Some insurance companies may allow you to use your life insurance policy to pay for long-term care. Ask your insurance agent how this works.

Personal Resources

You can use your savings to pay for long-term care. You may qualify for Medicaid after most of your personal resources have been used.

Stay Eligible

CHAMPVA beneficiaries are the spouses, widow(er)s, or children of a qualifying Veteran sponsor.

You can lose your CHAMPVA eligibility:

- If you are eligible for Medicare Part A and you decline or drop Medicare Part B.
- Through divorce from the Veteran. (But divorce does not impact the eligibility of a birth or adopted child of a qualifying Veteran sponsor.)
- When a child turns 18, unless the child is enrolled as a full-time student in an accredited school.
- When a child, who has been a full-time student, turns 23 or loses full-time student status.
- When a child marries.
- If you are a stepchild of a qualifying Veteran sponsor, your parents divorce and you lose dependent status as determined by your VA Regional Office (VARO).

Eligibility for CHAMPVA benefits can be impacted by changes to your marriage status, eligibility for Medicare or TRICARE, and by the student status of children ages 18 to 23. Such changes must be reported to us immediately. Call us at 1-800-733-8387 or write us at:

CHAMPVA Eligibility PO Box 469028 Denver CO 80246-9028

SPOUSE STATUS

A **spouse** loses CHAMPVA eligibility through divorce or annulment from the qualifying **Veteran sponsor**. Eligibility for CHAMPVA ends on midnight of the effective date of the divorce decree or annulment.

CHAMPVA AND MEDICARE

Your Medicare status has an impact on your eligibility for CHAMPVA benefits. **Beneficiaries** must enroll in Medicare 90 days prior to their 65th birthday. After you enroll in Medicare, you will receive a Medicare card indicating whether you have both Medicare Part A and Medicare Part B coverage. To continue your CHAMPVA eligibility,

you MUST enroll in, and remain enrolled in, Medicare Part B.

When you receive your Medicare card, immediately send us a copy along with a CHAMPVA Other Health Insurance (OHI) Certification Form (VA Form 10-7959c) so we can take action to continue your CHAMPVA benefits without interruption.

When you have Medicare and CHAMPVA, Medicare will be your **primary** insurance. Bills for health care services must first be sent to Medicare. Medicare will electronically forward claims for CHAMPVA beneficiaries to us after they have processed them. For Medicare supplemental plans (usually referred to as Medigap plans), CHAMPVA will process the remaining portion of the bill after we receive the Medicare supplemental plan's **explanation of benefits** (**EOBs**). (If you have a Medicare supplemental plan, you may have to file a claim and the Medicare EOB with us yourself.)

We often receive questions regarding continued eligibility for CHAMPVA when there is also a Medicare entitlement, as well as questions about coverage and payment. It can seem complicated. The following questions and answers are offered in an effort to reduce any confusion.

Words that are in bold green print are defined on pages 80-84.

A brief overview of Medicare Parts A, B, C and D. (Only Parts A and B affect your CHAMPVA eligibility.):

- Part A: Premium-free hospital insurance. You are eligible for Part A coverage if you are age 65 or older or if you are under age 65 with certain disabilities.
- Part B: Outpatient insurance. You may be required to pay a premium. As of January 2007, Medicare Part B premiums are based on your yearly income.
- Part C: This is known as the Medicare Advantage Plan. It provides the benefits you would receive under both Parts A and B and is administered like an HMO. You must see an identified network provider.
- Part D: Prescription drug coverage. Cost for this will vary depending on the plan.

| | | Is Medicare Part B Required for CHAMPVA eligibility? |
|---|--|--|
| | You are under age 65 and entitled to Part A | Yes |
| | You were over age 65 when your spouse first became a qualifying CHAMPVA sponsor and you are entitled to Medicare | Yes |
| | You were 65 or older prior to June 5, 2001, were otherwise eligible for CHAMPVA, and you only have Medicare Part A coverage | NO |
| | You were 65 or older prior to June 5, 2001, were otherwise eligible for CHAMPVA, and you had Medicare Part A coverage and were enrolled in Part B as of June 5, 2001 | Yes |
| _ | You became 65 on or after June 5, 2001, and you are entitled to Medicare Part A | Yes |

COMMON ELIGIBILITY QUESTIONS

If I am eligible for Medicare Part A, do I need Medicare Part B to also be eligible for CHAMPVA?

In almost all cases, the answer is yes. However, the answer to this question varies based on certain circumstances:

- Effective Oct. 1, 2001, CHAMPVA benefits were extended to beneficiaries age 65 and older. If you are entitled to Medicare Part A and are age 65 or older, you will most likely be required to have Medicare Part B to be covered by CHAMPVA.
- If you became eligible for CHAMPVA on or after June 5, 2001, you <u>must</u> have Medicare Part B.
- If you are <u>under</u> age 65 and eligible for Medicare Part A (to include the End Stage Renal Disease [ESRD] Program) you must have Medicare Part B.
- If you are <u>over</u> age 65 and were never eligible for *premium-free* Medicare Part A, you do not need Part B.

SECTION 1: ELIGIBILITY REQUIREMENTS

I am enrolled in Medicare Part B. Is there any time I can cancel Medicare Part B coverage and still be eligible for CHAMPVA?

 No. If you have Medicare Part B, do <u>not</u> cancel it. If you cancel Medicare Part B coverage, your eligibility for CHAMPVA benefits will end on the same day your Part B coverage ends.

I am a CHAMPVA beneficiary and will soon have my 65th birthday. What do I need to do so that my CHAMPVA benefits continue uninterrupted?

- In most cases, you can have all the paperwork done for enrollment into Medicare 90 days before your 65th birthday. Make sure you enroll in Medicare Part B. As soon as you receive your Medicare card that shows the dates your Medicare Parts A and B will begin, send a copy of the card to us along with our Other Health Insurance (OHI) Certification Form (VA Form 10-7959c). The form is available at: http://www.va.gov/hac/forms on our website.
- We will update your records when this information is received and issue you a new CHAMPVA Identification Card with an extended expiration date.

Can I use a VA Medical Center (VAMC) under the CHAMPVA In-house Treatment Initiative (CITI) program to obtain my care if I am Medicare eligible?

 No. CHAMPVA beneficiaries with Medicare cannot use a VAMC under our CITI program. If you are currently being seen at a VAMC, but will become entitled to Medicare soon, you will need to find a different health care provider.

Must I enroll in Medicare Part D, the prescription drug plan, to be eligible for CHAMPVA?

No, you do not need to enroll in Medicare Part D to maintain your CHAMPVA eligibility.
In fact, you would not be able to use the Meds by Mail program, which can provide
your maintenance medications at no charge to you (no premiums, no deductibles and
no co-payments).

Additional Information about Medicare and CHAMPVA Eligibility

- If you are required to have both Medicare Parts A and B to establish CHAMPVA eligibility, and you did not obtain Medicare Part B previously, you will need to contact the Social Security Administration to enroll in Part B. Your CHAMPVA eligibility can then be established on the effective date of your Medicare Part B.
- If you are 65 or over and live overseas, you must be enrolled in Medicare Part B, even though Medicare does not provide benefits for medical care received overseas. CHAMPVA will be the primary payer for the benefits, and you will receive the same level of coverage provided to those under age 65.

CHAMPVA pharmacy benefits are considered a "creditable prescription drug plan."
 CHAMPVA beneficiaries who initially chose not to enroll in a Medicare Part D plan will not have to pay a late enrollment penalty if they choose to enroll in a Medicare drug plan during a later enrollment period.

CHAMPVA AND TRICARE

TRICARE is a health care program for active duty and retired uniformed Servicemembers and their families. If you become eligible for TRICARE benefits, you are no longer eligible for CHAMPVA, and you must notify us immediately of this change in your status. You may, for example, become TRICARE eligible when the **qualifying Veteran sponsor** is a retired reservist or National Guard member and begins to receive retired pay at age 60.

CHILD STATUS

A child loses eligibility for CHAMPVA when:

- The child (other than a helpless child) turns 18, unless enrolled in an accredited school as a full-time student.
- The child, who has been a full-time student, turns 23 or loses full-time student status.
- · The child marries.
- The stepchild no longer lives in the household of the sponsor.

Impact of the Divorce or Remarriage of Parent on Child/Student Status

The eligibility for CHAMPVA of a birth or adopted child of the **qualifying Veteran sponsor** is not impacted by the parents' divorce or remarriage.

However, a stepchild of the qualifying Veteran sponsor will lose CHAMPVA eligibility if the parents divorce and that stepchild loses dependent status as determined by a VARO.

Requirements for Students (Age 18–23)

To establish student status, and retain CHAMPVA eligibility, an unmarried child between the ages of 18 and 23 must attend school full time. Schools include, but are not limited to, high school, vocational/technical schools, and undergraduate, graduate or postgraduate levels of study. The student can remain eligible for CHAMPVA until the date of graduation or until his or her 23rd birthday, whichever comes first. Please read the following information carefully to avoid an interruption of benefits.

First certification of full-time school attendance after age 18: CHAMPVA will send a letter to the student 90 days prior to his or her 18th birthday that provides notification of the potential change in CHAMPVA eligibility. This letter will also outline the steps necessary to extend CHAMPVA eligibility:

- To avoid an interruption of CHAMPVA benefits for the summer break between high school
 and the first term of the continuing education program, the student must send us proof of
 intent to continue his or her education (e.g., a letter of acceptance from the educational
 institution). Once we receive that letter, we will cover the break between high school and the
 start of the first term of the continuing full-time education program.
- Within one month after the first term begins, the student must submit a school certification verifying full-time enrollment. If CHAMPVA does not receive verification, benefits will be terminated and any payments made by CHAMPVA after the student turned 18 will be subject to recoupment. The certification letter (see illustration below) should be on school letterhead and include:
 - Student's full name.
 - Student's Social Security number,
 - Exact beginning date and ending date of school term (month, date, year),
 - Projected graduation date (month, year),
 - Number of semester hours or equivalent certification of full-time status and
 - Title and signature of a school official.

FOUE THE REGISTRAR

SECTION 1: ELIGIBILITY REQUIREMENTS

Recertification of full-time school attendance: The student will need to recertify his or her full-time enrollment status on an annual or more frequent basis. Students can recertify for a year by sending us a personal letter, stating they are attending full time, if the first certification letter from the educational institution listed the graduation date (month, year). If the original certification letter did not list the graduation date (month, year), the student must submit a recertification letter from the educational institution. A school recertification letter may then be required two to four times a year, depending on whether the educational institution is on a semester or quarter schedule. In addition, we will periodically check with the school to ensure the student is enrolled as a full-time student.

School breaks: CHAMPVA eligibility will not be interrupted during school breaks, as long as the student is enrolled as a full-time student during the terms prior to and following the break.

Withdrawal from school: If a student withdraws from school, their eligibility for CHAMPVA will be terminated for the entire school term. We must be notified of the withdrawal immediately.

Change in student status: Any claim paid by us after the date of loss of CHAMPVA eligibility will be considered invalid, and you will be held financially responsible for repaying in full the government and/or the health care provider for their services.

Disabling illness: If the student is disabled by an illness or injury while enrolled as a full-time student, and this prevents him or her from continuing as a student, eligibility may continue for six months after the disability ceases, for two years after the onset of the disability or until the 23rd birthday—whichever occurs first. Medical documentation is required to support that the illness or injury is of a disabling nature and that it prevents the student from attending school. Medical documentation must include diagnosis, prognosis, date of onset of the disability and the expected date the student will be able to return full time.

Requirements for Helpless Child Status

A child who, prior to reaching age 18, becomes permanently incapable of self-support may qualify as a helpless child. This determination is made by a Veterans Affairs Regional Office (VARO). Once helpless child status is determined, CHAMPVA benefits will continue without an age limitation unless the helpless child marries or loses "helpless child" status. If you believe your child may qualify as a helpless child, contact 1-800-827-1000 for assistance.

Impact of Marriage

If a child marries, regardless of whether he or she is under age 18, a full-time student or has helpless child status, that child will lose CHAMPVA eligibility as of midnight on the date of the marriage.

The following information is available on our website 24 hours a day, seven days a week:

 The CHAMPVA Guide and Policy Manual, CHAMPVA forms and fact sheets and frequently asked questions.

CHAMPVA website will be changing

The CHAMPVA website will change in 2014 to a new website that will better serve you. The address for CHAMPVA's new website will be http://www.va.gov/purchasedcare. We will notify you when the change happens in Your Health, the twice-a-year CHAMPVA magazine for beneficiaries. And the old http://www.va.gov/hac website will automatically redirect users when we move to the new website, http://www.va.gov/purchasedcare

E-mail

Please go to http://www.va.gov/hac/contact and follow the instructions for submitting e-mail via IRIS.

Typically, you will receive a response to your question within one working day. To protect your privacy, we recommend that you do not include sensitive or personal information in the message. We do ask that you include your full name in the body of the message. We will not return information containing personal identifiers or medical information in an e-mail. If you are requesting that type of information, we will call you or send the information through regular mail.

Note: To view and print forms, you must have Adobe Acrobat Reader installed on your computer. The reader is available to download for free via a link on our website.

Note: You can also provide **OHI** information by calling a customer service representative at 1-800-733-8387.

Where to get care

Always ask your health care providers if they accept CHAMPVA and, if they do, if they will file any claims with us for reimbursement of their services. If they're unfamiliar with CHAMPVA, have them call us at 1-800-733-8387. We can explain CHAMPVA to them.

If you need to find a provider that accepts CHAMPVA, try Medicare or TRICARE providers. (TRICARE is a health care program for active duty and retired military personnel and their dependents).

To locate a Medicare provider, go to: http://www.medicare.gov

Use one of the "Doctor, provider" links on that page.

For a TRICARE provider, go to: http://www.tricare.mil/GettingCare/ FindDoctor/Network.aspx

We cover most medically necessary services and supplies when they are received from an authorized provider. We consider any provider to be authorized if they are performing services within the scope of their license.

You may also be able to obtain medical services at your local VA Medical Center (VAMC) or Community Based Outpatient Clinic (CBOC) under the CHAMPVA Inhouse Treatment Initiative (CITI). There is no cost share and no deductible, and more than half of all VAMCs participate. See this chapter for details.

We also offer several ways for you to obtain medications.

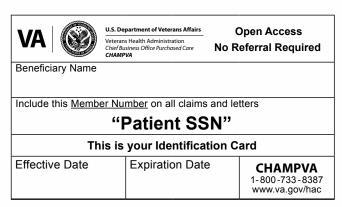

For nonurgent or maintenance medications, you can use our Meds by Mail program if you do not have any other pharmacy coverage. There are no co-payments, no deductibles and no claims to file. For forms and information, visit our website at http://www.va.gov/hac/forms or call us at 1-800-733-8387.

See additional details in this chapter.

You may also be able to use our Catamaran pharmacy network if you do not have other health insurance with pharmacy coverage. There are more than 66,000 pharmacies in the Catamaran national network. See the additional details in this chapter.

You can also use a nonnetwork pharmacy. Show your CHAMPVA Identification Card as proof of coverage. You will likely have to pay and then file a claim with us.

Each CHAMPVA-eligible family member receives an identification card. We changed our practice of displaying your Social Security number (SSN) on the identification card due to the potential risk of identity theft. The sample below shows that cards are issued with the phrase "Patient SSN" in the "Member Number" space rather than displaying the actual number.

FRONT

CHAMPVA pays after most other health plans. Include an explanation of benefits from other insurers. CHAMPVA is primary to Medicaid.

Once you become eligible for Medicare part A, you must obtain and maintain Medicare part B to remain eligible for CHAMPVA.

For Electronic Claims Filing please follow the instructions at: www.va.gov/hac/forproviders under "How to File a Claim."

For Mental Health/Substance Abuse Authorization

Call 1-800-424-4018—Authorization is required:

 After 23 outpatient mental health visits in a calendar year • For all other mental health/substance abuse services

For Durable Medical Equipment (DME) Authorization

Call 1-800-733-8387—Authorization is required:

• For DME purchase or rental over \$2,000

BACK

When you visit your doctor, make sure you take your CHAMPVA Identification Card with you. Since your cost share (co-payment) for care will be a percentage of the CHAMPVA allowable amount, rather than a specific dollar amount, talk to your doctor about how and when to pay your part of the bill. If you have already paid your deductible or reached your catastrophic cap for the year, show your most recent CHAMPVA Explanation of Benefits (EOB) to your provider to verify that you have met one or both of these requirements for the year.

SECTION 3: OBTAINING MEDICAL CARE

CHAMPVA covers most **medically necessary** health care services, including ambulance service, ambulatory surgery, **durable medical equipment** (**DME**), family planning and maternity, hospice, inpatient services, mental health services, outpatient services, pharmacy, skilled nursing care and transplants.

We pay for covered services and supplies when they are determined to be medically necessary and are received from an authorized provider. When providers are performing services within the scope of their license or certification, we consider them to be authorized. The most common providers are: anesthesiologist, audiologist, certified clinical social worker, certified nurse midwife, certified nurse practitioner (NP or CNP), certified registered nurse anesthetist (CRNA), certified physician assistant (PA), certified psychiatric nurse specialist, clinical psychologist (Ph.D.), doctor of osteopathy (DO), licensed clinical speech therapist (LCST), licensed practical nurse (LPN), marriage and family counselor/therapist, medical doctor (MD), occupational therapist (OT), pastoral counselor, physical therapist (PT), physiologist, podiatrist (DPM), psychiatrist and registered nurse (RN).

You have many choices when selecting a provider. Medical services may be available to you at your local VA Medical Center (VAMC) or clinic through the CHAMPVA Inhouse Treatment Initiative (CITI), described in the following paragraph. You may also obtain medical services from non-VA providers.

VA MEDICAL PROVIDERS

Depending on whether your local VAMC or clinic participates in the CHAMPVA Inhouse Treatment Initiative (CITI) – pronounced "city" – and the type of services a VAMC has available, you may be able to receive all or a portion of your medical care through the CITI program. The care may include inpatient, outpatient, pharmacy, DME and mental health services. The care you receive through this program is at no charge to you! There is no cost share and no deductible for the care you receive through CITI. More than half of all VA medical facilities participate in the CITI program, so there is a good chance that a VAMC near you is a participant.

To find out if your local VAMC participates in this program

- Go to our website at http://www.va.gov/hac
 Select "Beneficiaries" from the side tab and scroll down and click the CITI link. You will find a link to a list of participating VA medical facilities and their phone numbers.
- Or you can call, e-mail or write us (see pages 10 and 11 for contact information).
 When you contact your VAMC, they will be able to tell you which services are available. If the services you need are available, and you choose to receive your care through the CITI program, the VAMC will ask you to contact their patient administration section. Your CHAMPVA eligibility and OHI information will be reviewed. If you have Medicare, you will not be able to participate in the CITI program. Some VAMCs accept patients through the CITI program who have other types of health insurance, but it is the VAMC's decision whether or not they will accept you.

SECTION 3: OBTAINING MEDICAL CARE

If you are a Veteran and a CHAMPVA **beneficiary**, you may be entitled to receive care through the VA health care system based on your Veteran status rather than as a CHAMPVA beneficiary. You will need to discuss this with the VA medical facility when you contact them about **CITI** participation.

NON-VA MEDICAL PROVIDERS

CHAMPVA does not have a network of medical providers. However, most TRICARE providers will also accept CHAMPVA patients. Go to the TRICARE website at http://www.tricare.mil/
GettingCare/FindDoctor/Network.aspx to locate a provider in your area. Ask that provider if they also accept CHAMPVA patients.

Most Medicare providers will also accept CHAMPVA patients. Medicare providers can be located through their website, at http://www.medicare.gov. Use one of the "Doctor, provider" links on that page.

Please call, e-mail or write us (contact information on pages 10 and 11) if you are having difficulty locating a provider, and we will help you find one.

Providers that accept "assignment" for CHAMPVA patients

When you locate a medical provider, confirm that they will accept CHAMPVA. Providers most often refer to this as accepting **assignment**. That means the provider will bill us directly for covered services, items and supplies. Doctors or other providers who accept assignment must accept the CHAMPVA **allowable amount** as payment-in-full and cannot collect additional amounts from you beyond your co-pay.

Important Note: All hospitals that participate in Medicare, and hospital-based health care professionals who are employed by, or contracted to, such hospitals are required by law to accept CHAMPVA for inpatient hospital services.

Providers that do not accept "assignment" for CHAMPVA patients

If your provider does not accept assignment, you can still see that provider, but be aware that you will likely have to pay the entire charge at the time of service. Additionally, you may be charged more than the CHAMPVA allowable amount. To obtain reimbursement in cases where CHAMPVA is your only insurance, you will have to submit the itemized bill from the provider along with a CHAMPVA Claim Form (VA Form 10-7959a). When the claim is processed, we will send you our share of the allowable amount.

What this means to you is that when the medical provider does not accept assignment, your cost will include not only your share of our determined allowable amount, but also any charges over our allowable amount.

When CHAMPVA Is Secondary Insurance

To obtain reimbursement in cases where CHAMPVA is your secondary insurance, you can ask the provider to file the claim and explanation of benefits (**EOB**) from the primary insurer electronically or in writing with CHAMPVA. If the provider is not able or willing to do that, you will need to submit the itemized bill, CHAMPVA Claim Form and the EOB from the primary insurer to CHAMPVA.

PHARMACY PROVIDERS

Meds by Mail (MbM)

This is by far the most cost-effective way for you to receive your nonurgent, maintenance medications. There is no enrollment and you automatically qualify for **MbM** if you **do not** have another health insurance plan with pharmacy coverage (including Medicare Part D). There are **no co-payments, no deductible requirements and no claims to file!** Your maintenance medication is mailed to your home. This program is a great benefit and we highly encourage you to use it.

There are two servicing centers, and you are assigned to a servicing center based on where you live. Your servicing center will help you with the status of your prescription order, questions about medication availability and patient profile updates. You can order refills by calling our 24-hour automated refill phone line at 1-888-370-1699.

If you live in these states, districts or territories:

Alabama, Connecticut, Delaware, District of Columbia, Florida, Georgia, Kentucky, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, Virgin Islands, West Virginia

Alaska, American Samoa, Arizona, Arkansas, California, Colorado, Guam, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Louisiana, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Northern Mariana Islands, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin, Wyoming

Your Meds by Mail Pharmacy Servicing Center is:

Meds by Mail Servicing Center PO Box 9000 Dublin GA 31040-9000

Monday–Friday 8:05 a.m. to 7:30 p.m. (Eastern Time) 1-866-229-7389

Refills: 1-888-370-1699

Meds by Mail Servicing Center PO Box 20330 Cheyenne WY 82003-7033

Monday–Friday 8:05 a.m. to 7:30 p.m. (Eastern Time) 1-888-385-0235

Refills: 1-888-370-1699

SECTION 3: OBTAINING MEDICAL CARE

Important facts to keep in mind when using MbM

- There is no enrollment required for MbM. To begin using MbM, fill out the MbM Prescription Order Form (VA Form 10-0426), available by visiting our website, at http://www.va.gov/ hac/forms or by calling 1-800-733-8387 and selecting the self-service option to request the form be mailed to you.
- Tell your physician you are using a mail order prescription service. Request that the physician prescribe a 90-day supply with up to three refills, if possible. If you need to begin taking the medication right away, ask your provider to write two prescriptions—a month supply that you can fill immediately at your local pharmacy and a longer-term supply to be filled through MbM.
- Original prescriptions must be mailed to the servicing center, (copied or faxed prescriptions cannot be filled at this time). Refills can be ordered through our 24-hour automated refill line at 1-888-370-1699.
- Maintenance medications (those you take for a longer period of time, such as blood pressure, heart, arthritis, or chronic pain medication) are available through MbM.
- Certain controlled medications are also available through this program. For example, Tylenol No. 3, Valium, Klonopin and Vicodin are available. These are medications in Schedules III, IV and V for controlled substances (your physician can tell you if the medication prescribed to you is on one of these schedules). Medications such as Duragesic Patches, Percocet, Percodan, Ritalin and Oxycontin, which are all Schedule II narcotics, are **NOT** available through MbM and must be filled at your local pharmacy.
- · Refrigerated items cannot be sent to a PO Box and must be delivered directly to your home. If you do not have home delivery, you will have to use your local pharmacy and pay the cost share.
- Prescriptions sent to MbM are filled with generic medications, when available. Please ensure that your doctor authorizes generic substitution for ALL your medications.
- If your doctor prescribes a brand name medication and does not authorize a generic substitution AND only a generic equivalent is available through the MbM program, your prescription will be returned to you.
- When MbM does not have the medication that your doctor requested, MbM will attempt to contact your doctor to see if another medication that is available can be substituted for you. If your physician cannot be contacted, or requires that you take a medication that MbM does not have, your prescription will be returned to you.
- Over-the-counter (OTC) medications are not covered by CHAMPVA and cannot be obtained through MbM. The ONLY exception is for insulin and diabetic-related supplies, such as syringes, blood glucose monitors and blood glucose strips.
- You should still use your local pharmacy for urgent care medications or any that are not available through MbM.
- If your other health coverage is Medicare, and you have Medicare Parts A and B but did not enroll in Medicare Part D, you can use MbM.

SECTION 3: OBTAINING MEDICAL CARE

- If you obtain other health insurance in the future that includes a pharmacy benefit (including Medicare Part D), you will no longer be eligible to use MbM.
- Meds by Mail will not send prescriptions overseas or to an APO/FPO address.

If you need help with general information about MbM eligibility or applications for MbM, call us at: 1-800-733-8387.

CATAMARAN RETAIL PHARMACY NETWORK

Catamaran provides a retail network of 66,000 pharmacies across the United States and U.S. Territories. If CHAMPVA is your only pharmacy coverage, you will only pay a 25% cost share for your medication (after the annual outpatient deductible has been met), and there will be no claims for you to file. If you have other health insurance (OHI) that includes pharmacy coverage, you cannot use the Catamaran retail network of pharmacies. You will have to pay for the prescription and submit a claim to CHAMPVA for reimbursement. The only exception is if you have Medicare Part D. If you have Medicare Part D, your pharmacy may be able to electronically submit a claim through Catamaran resulting in no cost share for you at the pharmacy and no claims for you to file.

To obtain a Catamaran pharmacy identification card and information on local pharmacies in your area that are a part of the Catamaran network, call the following beneficiary number or go to Catamaran's website and follow the instructions listed below.

Phone: 1-888-546-5502 Group #: HAC Bin #: 610593 PCN #: VA

Website: http://vahac.rxportal.sxc.com

- Click on "Preferred Pharmacy Finder" on the left side of the page.
- A page will appear with several boxes requesting information necessary to locate a network pharmacy near you.
- Follow the instructions on the page to get a list of participating pharmacies in or near your ZIP code.

Nonnetwork Retail Pharmacy

You can also choose a nonnetwork retail pharmacy. The CHAMPVA Identification Card is your proof of coverage for a nonnetwork pharmacy. A pharmacy that is not part of our Catamaran network most likely will ask you to pay the full amount of the prescription. In that case, you will need to request reimbursement from us by submitting a CHAMPVA Claim Form (VA Form 10-7959a) and the itemized pharmacy statement. If you have other health insurance, you will also need to submit the EOB showing what the other health insurance paid on the claim or showing what your co-pay was for that prescription. Your pharmacist can provide you with a printed document that contains all required information that CHAMPVA needs to reimburse you for pharmacy claims. The information required is the 11-digit National Drug Code (NDC), the date the drug was dispensed, name and quantity of the drug, the drug's retail value and the amount of your co-pay. We cannot process the claim without this information.

The services and supplies we cover

CHAMPVA will only cover care that is medically necessary and appropriate. There may be limits on certain care, and some care is not covered at all.

In most cases, you do not need advance approval from us. But if your physician wants to obtain authorization for a medical service that requires it (see below), please contact us at 1-800-733-8387 or by writing to:

CHAMPVA ATTN: Authorization PO Box 469063 Denver CO 80247-9063

We cover a range of preventive services. See Page 46–49 for the list. And we cover a wide range of other medical services. See the list starting on page 20.

An alphabetical list of covered benefits can be found in the Index under Benefits on Page 85.

CHAMPVA will only cover care that is medically necessary and appropriate. Even if your physician tells you that you should receive certain care, CHAMPVA may not cover that care. There may be limits on certain care, and some care is not covered at all.

Care that goes on for a period of weeks, months, etc., may be medically reviewed periodically and medical documentation may be requested. Examples include physical therapy, medication, mental health services and skilled nursing services. We will notify you when additional documentation or a treatment plan is needed from your medical provider.

The same limitations apply whether you reside in the U.S. or in another country. For example, if you reside or travel overseas, we will only cover medications that are FDA approved for use in the U.S.

Note: If you choose to obtain health care services from a provider on Medicare's exclusion list, we will not pay for those services. To obtain a list of excluded providers, or to search for an excluded

provider, use the Medicare exclusions link on the CHAMPVA website at http://www.va.gov/hac/ forbeneficiaries/champva or access this information directly from the Department of Health and Human Services, Office of Inspector General website at: http://exclusions.oig.hhs.gov

AUTHORIZATION FOR CARE

You do not need advance approval for care from us, unless the care relates to one of the medical services listed below.

Although we do not require authorization for most medical care, your physician may seek to obtain authorization for services other than those listed below. In that case, your physician should call CHAMPVA regarding the service(s) in question. Our customer service representatives will assist your physician with any questions they may have. You may also want to consider showing your provider this section of the guide. It describes the criteria for coverage of many services.

Services that require authorization:

- Durable Medical Equipment (DME) with a purchase price or total rental of \$2,000 or more (see page 28)
- Mental health care (approval needed from our mental health contractor)
 - Inpatient mental health care
 - Care at residential treatment facilities (RTF)
 - Alcohol/substance abuse
 - Care in Partial Hospital Programs (PHP)
 - Requests for extensions to our yearly limits on inpatient mental health care (see page 21)
 - Outpatient mental health visits in excess of 23 per year
- Dental care coverage (Dental coverage is very limited and under most circumstances is not covered.)
- Organ transplants

Exceptions to the authorization requirement:

Mental health services and durable medical equipment (DME) provided through the VA CITI
program do not require authorization.

When **OHI** has authorized a service, we do not require authorization for those same services. If Medicare denies coverage because their rules for coverage were not followed or medical necessity was not established, we will also deny coverage.

Covered Services (continued)

Behavioral Health Acute Inpatient Care:

CHAMPVA requires authorization by mental health contractor for all inpatient acute psychiatric hospitalizations. The benefit limits the allowed number of inpatient days per fiscal year (October 1 through September 30). For adults, age 19 or older, the limit is 30 days. For children, ages 18 or younger, the limit is 45 days. Coverage exceeding the impatient limit is called a waiver. A waiver may be authorized only when the beneficiary's treatment plan shows that it is psychologically necessary to continue at the acute level of care. Waivers need to be authorized by the mental health contractor.

CHAMPVA benefits cover seven inpatient psychotherapy sessions/calendar week while a **beneficiary** is in an authorized inpatient acute psychiatric hospital.

DIABETIC SERVICES

Covered Services

Diabetes Screening: Screenings can be covered when you have these risk factors:

 High blood pressure, dyslipidemia (history of abnormal cholesterol and triglyceride levels), obesity, or a history of high blood sugar.

Screenings can also be covered if you have two or more of the following characteristics:

 Age 65 or older; overweight; immediate family history of diabetes (parents, brothers, sisters); a history of gestational diabetes (diabetes during pregnancy) or delivery of a baby weighing more than nine pounds. Based on the results of these tests, you may be eligible for up to two diabetes screenings every year. Talk to your doctor for more information.

Diabetes Self-Management Training

Program (outpatient): Prescribed by a physician for education about self-monitoring of blood glucose, diet, and exercise (limitations apply and medical documentation from the provider must accompany the bill).

Eye Exam: Covered when there is a diagnosis of diabetes.

Insulin and Diabetic related supplies:

Covered benefit. Insulin pumps are also covered when the claim is accompanied by a **CMN** or doctor's order with the diagnosis of diabetes mellitus.

What CHAMPVA pays - and your share

You are responsible for an annual deductible plus your share—usually 25%—of our "allowable amount."

CHAMPVA's "allowable amount" is the most we will pay for a covered medical service or supply. That may be different from what your doctor bills for a medical procedure or supply. The allowable amount is often less.

Our allowable amount is generally the same as the allowable amounts paid by Medicare and TRICARE. (TRICARE is a Department of Defense health care program for active duty and retired military families.)

If your doctor accepts CHAMPVA, that is referred to as "accepting assignment." By accepting assignment, your doctor agrees to accept our allowable amount as payment in full. A provider that accepts assignment cannot bill you for the difference between our allowable amount and what they would normally bill.

If your doctor does not accept CHAMPVA, you will be responsible for the provider's entire bill. You can file a claim with us, but we will only pay 75% of our allowable amount. That means you could pay more if your provider does not accept CHAMPVA than you would if the provider does accept assignment.

You must pay an annual deductible; the deductible is \$50 per person or \$100 per family. Do not send us a check for your deductible-we will credit individual and family deductibles when we process the first claims each calendar year.

For covered outpatient services, we will pay up to 75 percent of our allowable amount (after your deductible has been met) and you are responsible for the remainder, which is known as your cost share. See page 62 for inpatient cost shares. The annual maximum that you and your family can incur is \$3,000. If you or your family reach that limit, we will waive any cost share for the remainder of the year.

There are two parts to your costs: the annual deductible and a cost share (co-payment). Both are explained below.

If your provider accepts assignment, which means the provider will accept CHAMPVA, the provider agrees to accept our allowable amount as payment in full. A provider cannot balance bill you, which means they cannot bill you for the difference between their normally billed amount and the CHAMPVA allowable amount.

If your provider does **not** accept assignment, you are responsible for paying your annual deductible, your cost share and any provider-billed amount that exceeds our total allowable amount. For care that is not covered by CHAMPVA, you will be responsible for the full bill.

ALLOWABLE AMOUNT

The allowable amount is the most we will pay for a covered medical service or supply. The CHAMPVA allowable amount is generally the same as TRICARE's or Medicare's allowable amount and is considered payment in full.

ANNUAL DEDUCTIBLE

The annual (calendar year) outpatient deductible is the amount you must pay before we pay for covered outpatient medical services or supplies. The deductible is \$50 per beneficiary or a maximum of \$100 per family per year. Once your deductible is satisfied, CHAMPVA will pay 75% of the allowable amount. As claims are processed for covered services, charges are automatically credited to individual and cumulative family deductible requirements for each calendar year. **DO NOT** send checks to CHAMPVA to satisfy your deductible requirement.

There is no deductible for inpatient services, ambulatory surgery facility services, partial psychiatric day programs, hospice services or services provided by VA medical facilities (CITI, MbM).

Words that are in bold green print are defined on pages 80-84.

COST SHARE

A cost share (co-payment) is the portion of the CHAMPVA **allowable amount** that you are required to pay. With few exceptions, you will pay something toward the cost of your medical care. For covered outpatient services, we pay up to 75% of the CHAMPVA allowable amount after the deductible has been met. For your inpatient service cost share, please refer to the chart on page 62 entitled *Cost Summary*.

There is **no cost share** for hospice or for services received through VA medical facilities. This includes services received at VA facilities under the **CITI** program or medications obtained through the **MbM** program.

CATASTROPHIC CAP

To provide financial protection against the impact of a long-term illness or serious injury, we have established an annual catastrophic cap of \$3,000 per calendar year. This is the maximum out-of-pocket expense you and your family can incur for CHAMPVA-covered services and supplies in a calendar year. Credits to the catastrophic cap are applied starting January 1 of each year and run through December 31. If you reach the \$3,000 limit, you or your family's cost share for covered services is waived for the remainder of the calendar year, and we pay 100% of the CHAMPVA allowable amount.

Each time we pay a bill, your deductible and cost share are calculated and credited to your catastrophic cap. The cumulative amount credited to your catastrophic cap is shown on the **EOB** you receive after we pay for your covered services. If you find an error, let us know immediately.

COVERAGE OUTSIDE THE UNITED STATES

If you live or travel overseas (excluding countries that are restricted or prohibited by the U.S. Department of Treasury), we provide the same benefits we would if you were in the U.S. Reimbursement for health care claims in foreign countries is based on reasonable and customary billed amounts. Your deductible and cost share will be the same as if you were in the U.S.

Claims written in English (billing and medical documentation) will be processed faster because we will not need to arrange for translation. If the billing and medical documentation is written in a foreign language, translation will be arranged at no cost to you. Our payments are made in U.S. dollars.

Words that are in bold green print are defined on pages 80-84.

WHEN CHAMPVA PAYS INCORRECTLY

We strive to be accurate, but there may be a time when CHAMPVA inadvertently makes an overpayment to you or your provider, depending on who submitted the claim. This might happen when we are not aware that you have other health insurance that should have paid before the bill was submitted to us, when a provider bills us twice for the same service, the service is not a covered benefit, or if we mistakenly pay for services for you or a family member during a period of ineligibility. Should an overpayment occur, we are required to take action to get the money back from the person who received the erroneous payment. That's called **recoupment**, and it is done to help ensure that your tax dollars are spent properly, according to the law.

If you were overpaid, you will receive a letter requesting repayment and explaining your rights under the law. You should respond to the request within 30 days. If you can't afford to pay the money all at once, you may be able to make monthly payments. You will be asked for financial information if you request a waiver of the overpayment. Depending on the outcome of the review of that information, the debt might be reduced or waived. If you do not respond to our notification, action to collect the amount owed to the VA will begin.

SECTION 6: OTHER HEALTH INSURANCE (OHI)

When you have other health insurance

If you have other health insurance (OHI), in addition to CHAMPVA, you must keep us informed about any changes. You can do this by calling us at 1-800-733-8387, or by completing a CHAMPVA OHI Certification Form (VA Form 10-7959c). You can obtain the form on our website at: http://www.va.gov/hac/ forms

When you have OHI, CHAMPVA may pay first, or it may pay as a secondary or final insurer. CHAMPVA only pays first if you have one of four types of OHI: Medicaid, Indian Health Services, State Victims of Crime Compensation Program or CHAMPVA supplemental health insurance.

If you have any other type of OHI, CHAMPVA will pay secondary and, if you have more than one OHI, CHAMPVA will pay after the other plans.

You must submit, or have your provider submit. any claim for services or supplies to your OHI first. After your OHI pays, you will receive an Explanation of Benefits (EOB) from them. The EOB must be submitted to us when you file your claim with us. (Medicare will now send us an EOB electronically after they process your claim, saving you from having to file the claim yourself.)

If you are in an HMO or PPO, we will pay any out-of-pocket expenses up to our allowable amount.

OHI CERTIFICATION

When you first applied for CHAMPVA we asked vou to complete a CHAMPVA OHI Certification Form (VA Form 10-7959c). Any time there is a change in your OHI status, you must inform us of the change. Periodically we will ask for you to recertify your OHI status by completing the form and submitting it to us at the address below:

OHI Certification Forms:

CHAMPVA PO Box 469063 Denver CO 80246-9063

If your OHI is Medicare, include a copy of your Medicare card.

If your OHI is a health maintenance organization (HMO) or preferred provider organization (PPO), include a copy of the plan's co-payment information and schedule of benefits.

You can also call our toll-free number at 1-800-733-8387 and provide the information to a customer service representative.

CHAMPVA AS PRIMARY PAYER

If you qualify for one of the four types of health insurance listed below, we will pay first as the primary insurer. Those plans are:

Medicaid

In those instances where Medicaid may have made payment for medical services and supplies first, we will reimburse the appropriate Medicaid agency for the amount we would have paid in the absence of Medicaid benefits, or the amount paid by Medicaid, whichever is less.

SECTION 6: OTHER HEALTH INSURANCE (OHI)

State Victims of Crime Compensation Program

If you are eligible under a State Victims of Crime Compensation Program, CHAMPVA will pay first.

Indian Health Services (IHS)

If you are eligible under Indian Health Services, CHAMPVA will pay first.

CHAMPVA Supplemental Health Insurance

There are a number of companies that offer CHAMPVA supplemental policies. After we make a payment for health care services, your remaining out-of-pocket expenses, such as deductibles and co-payments, often are payable by the **supplemental insurance** policy. If you have a policy that was specifically obtained for the purpose of supplementing CHAMPVA, we will compute the **allowable amount**, pay the claim, and then you can submit the balance due on the claim to your supplemental insurer.

We do not endorse one supplemental insurance policy over another, and you should carefully consider your family's needs for the additional coverage. Additional information about supplemental health plans can be obtained from Federal Publishing at http://www.federalpublishing.com (Federal Publishing is not affiliated with the government, and we do not endorse their products or services.)

CHAMPVA AS SECONDARY PAYER OR PAYER OF LAST RESORT

In all other cases, CHAMPVA is a **secondary payer** or payer of last resort: we pay after your **OHI** and, if you have more than one **OHI** (such as Medicare and a Medicare supplemental plan), we pay after both plans. Having OHI complements the CHAMPVA program; it does not prevent anyone from using it. You may have another health plan through your employer, your spouse's employer, or other government program such as Medicare. In most cases when you have **OHI** and CHAMPVA, there is no cost to you at all. When there is a cost to you, it is most often because you have exhausted your other health insurance benefits so the **OHI** is no longer making payment for a service or benefit period. In that case, when the medical service or supply is a covered benefit under CHAMPVA, we would pay up to our allowable amount.

You or the provider must file the claim with the other insurance plan before submitting it to us for payment. Upon receiving the **EOB** from the other insurer, you or the provider may file a CHAMPVA claim for any remaining balance. In addition to the EOB from the other health insurance, claims (billings) must include the provider's itemized billing statement.

SECTION 6: OTHER HEALTH INSURANCE (OHI)

CHAMPVA AND OTHER HEALTH INSURANCE (OHI)

If you have an OHI plan, we will pay your out-of-pocket expenses (your co-payments under the OHI) for CHAMPVA covered services up to our allowable amount.

It is important to be aware that when you have OHI and CHAMPVA, you must follow your OHI's rules and procedures for covered services. If OHI denies a claim because you do not follow their rules, or if OHI determines the service is not medically necessary or appropriate, we will not pay for that care.

The only exception: If your OHI denies your claim as a non-covered service and it is a covered service with CHAMPVA, or your OHI benefits have been exhausted, it is possible that CHAMPVA can pay on your claim.

If you or your provider does not agree with the OHI decision regarding payment or nonpayment, an appeal of the decision must be made with your OHI prior to appealing to CHAMPVA.

We do not pay any OHI premiums including Medicare premiums.

CHAMPVA AND WORKERS' COMPENSATION

We do not pay for medical care for the treatment of a work-related illness or injury when benefits are available under a workers' compensation program. You must apply for workers' compensation benefits. If you exhaust your workers' compensation benefits, we will then pay for covered services and supplies. Provide a copy of the final decision of the workers' compensation claim to avoid any delay in payment of future claims.

CHAMPVA AND ACCIDENTAL INJURIES

If you are involved in an accident (such as an auto accident), you or your medical provider is required to file a medical claim with your (or the other person's) insurance before submitting it to us. This is called third-party liability (TPL) and means that someone else is legally responsible for your medical care. When we receive the EOB from the insurance company, you may file a CHAMPVA claim for any remaining balance.

CLAIM-FILING DEADLINES

You have one year after the date of service to file any claims. In the case of inpatient care, the claim must be filed within one year of the discharge date. Claims submitted after the claim filing deadline will be denied. If you disagree with a timely filing denial you must file an appeal. Please refer to Section 8 for appeal instructions.

If you have been granted retroactive CHAMPVA eligibility, you have 180 days after your initial CHAMPVA Identification Card is issued to file claims with dates of service on or after you CHAMPVA effective date. Your effective date can be found on the lower left corner of your CHAMPVA Identification Card.

In most cases, your medical provider will complete and file your claim form with us for the services you received. But there will be times when you will have paid for the medical service or supply and need to request reimbursement from us. If you file your own claim, it is important to fill out the claim form completely and correctly. A mistake, a forgotten signature or other missing information can slow down your claim or result in an initial rejection of the claim. We can't process the claim until we have all the correct information.

WHEN YOU SUBMIT THE CLAIM

You will need to send in three items:

- CHAMPVA Claim Form (VA Form 10-7959a).
 These forms are available by phone or on the Web.
- 2. An itemized billing statement from your provider on a CMS 1500 (doctor/professional) or UB-04 (hospital/institutional) claim form containing the same information listed in the "Provider Submitted Claims" section on the next page (page 68). Ask your provider to itemize the bill on the appropriate form. (Copies of these forms are reproduced for illustration purposes only on Page 69–70).

Filing a claim

The easiest way to file a claim for reimbursement is to have your provider do it for you. Providers know what is required and, in most cases, will file electronically, which means faster processing and payment.

If you file the claim yourself, here is what you need to do:

- Obtain a CHAMPVA Claim Form (VA Form 10-7959a) by calling us at 1-800-733-8387. You can also obtain the form from our website at: http://www.va.gov/hac/forms
- It is very important that your name appear on the form exactly as it is on your CHAMPVA Identification Card. And be sure to date and sign the form. We CANNOT process your claim without your signature.

Include the following information with the claim form (your health care provider may be able to quickly print out this information for you):

- The full name and tax identification number of your provider
- The address where payment should be sent, and the address where the services were provided
- The provider's professional status (doctor, nurse, etc)
- Specific date of the service
- Appropriate medical code for each service (see this chapter for details)

If you have other health insurance (OHI), file your claim with them first and send us the explanation of benefits (EOB) from that insurer.

For pharmacy claims, ask the pharmacy to file the claim for you. If you file, we need a completed and signed CHAMPVA Claim Form, the name, address and phone number of the pharmacy, the name of the prescribing physician, the name, strength and quantity of each drug, the 11-digit National Drug Code (NDC) for each drug, the charge for each drug and the date the prescription was filled. If you have other health insurance, make sure your co-payment amount is included on your receipt.

Send claims to: CHAMPVA Claims PO Box 469064 Denver CO 80246-9064

SECTION 7: CLAIM-FILING INSTRUCTIONS

3. When you have other health insurance (OHI), an explanation of benefits (EOB) from the other health insurer.

Tips for when you file claims

- Your name must be listed on the claim form exactly as it is on the CHAMPVA Identification Card.
- Your CHAMPVA Member Number (your Social Security number) must be on the claim.
- Keep copies of all receipts, invoices and other documents.
- Separate claim forms are required for each CHAMPVA beneficiary in your household.
- After billing your other health insurance and receiving their EOB, you can file with CHAMPVA for any remaining balance.
- If you do NOT use a CHAMPVA Claim Form (VA Form 10-7959a), payment will be made directly to the health care provider instead of to you.

PROVIDER SUBMITTED CLAIMS

If your provider submits the claim, they will either send it electronically or on a standardized paper form (CMS-1500 or UB-04 [examples on pages 69-70]).

Tips for when your provider files claims

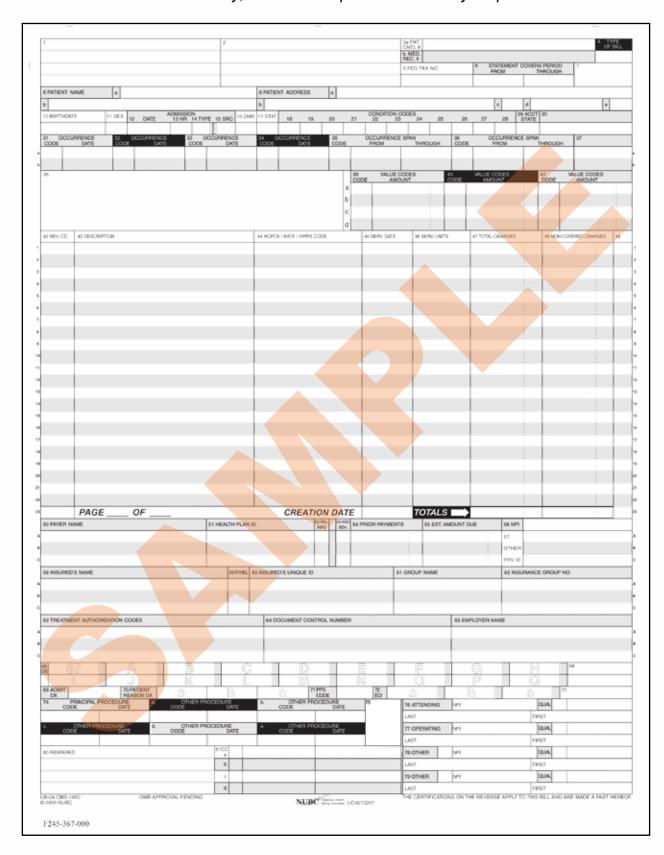

- · Claims submitted electronically are processed more quickly. If your provider can send the claims electronically and is not doing so, have your provider contact us.
- An itemized billing statement on a CMS-1500 or UB-04 form is required with the following information:
 - Full name, address and tax identification number of the provider
 - Address where payment is to be sent
 - Address where services were provided
 - Provider professional status (doctor, nurse, physician assistant, etc.)
 - Specific date of each service provided. Date ranges are acceptable only when they match the number of services/units of services
 - Itemized charges for each service
 - Appropriate medical code (ICD-9/10, CPT, HCPCS) for each service
- If your OHI was billed, provide a copy of their EOB detailing what they paid. (Sometimes the definition or explanation of their codes is on the reverse of their EOB – please include a copy of that as well). If you have two OHIs (such as Medicare and a Medicare Supplemental plan), we will need both EOBs to process your claim.

Medical records or notes must be submitted with the bill in some cases. The guide notes many of those services, like skilled nursing, home health care and some surgical procedures that require medical documentation.

PHARMACY CLAIMS

Most pharmacies submit claims to us electronically. The following information is required for pharmacy claims, regardless of whether submitted electronically or on paper and regardless of whether submitted by the pharmacy or by you:

- An invoice/billing statement that includes:
 - Name, address and phone number of the pharmacy
 - Name of prescribing physician
 - Name, strength, quantity for each drug
 - 11-digit National Drug Code (NDC) for each drug
 - Charge for each drug
 - Date prescription was filled

Note: Ask your pharmacist to provide you with a printout showing all of the necessary information.

- If you send us a claim, use a CHAMPVA Claim Form (VA Form 10-7959a).
- If you send us a claim and you have other health insurance, your co-payment amount must be included on your receipt.

WHERE TO MAIL CLAIMS

CHAMPVA Claims PO Box 469064 Denver CO 80246-9064

EXPLANATION OF BENEFITS (EOB)

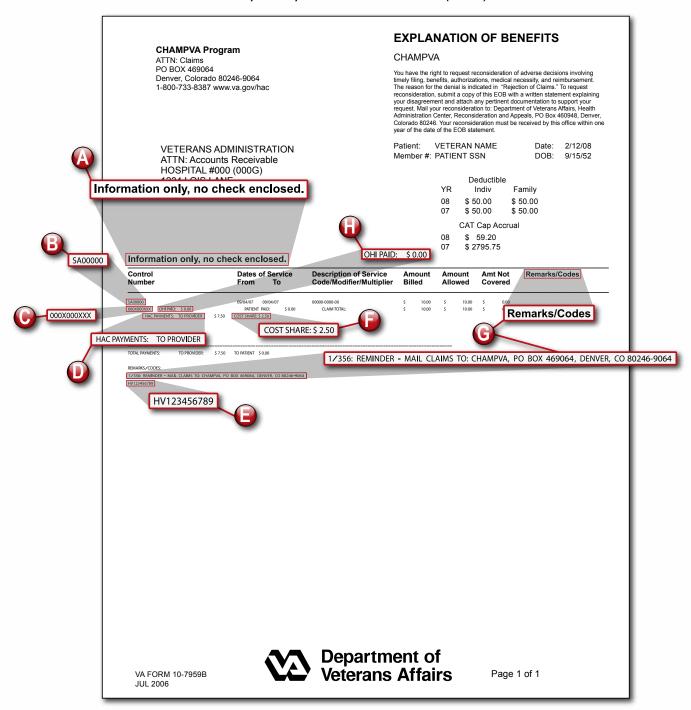

After a claim has been filed for your health care service, you will receive an Explanation of Benefits (**EOB**) from us in the mail. The EOB (see illustration on page 72) lists the details of the services you received and the amount you may be billed by your provider. If you paid for the service and submitted a claim for reimbursement, the EOB will tell you how we calculated your cost share. The EOB contains the following information:

- amount billed by the provider
- amount allowed by CHAMPVA
- · amount not covered
- annual catastrophic cap accrual
- beneficiary and family deductible accrual
- CHAMPVA payment(s)
- · date(s) of service
- · provider name
- · remarks
- amount paid by other health insurance plan or program

When a provider files a claim, the EOB is sent to both you and the provider. When you file a claim, the EOB is sent only to you. When your health care is received through a VA source (such as **Meds by Mail** or **CITI**), an EOB is not sent to you.

Words that are in bold green print are defined on pages 80-84.

Sample Explanation of Benefits (EOB)

A-Information only, no check enclosed: Indicates that a U.S. Treasury check is not enclosed. When there is a payment, this will read "Check Enclosed."

B-Control Number(s):

CHAMPVA claim specific identifier (always starts with two alpha characters).

C-Patient Control Number: Provider claim specific identifier (not always present).

D-Amount Paid: Amount paid by us to your provider.

E-FMS Doc ID Number: This 11-digit number further assists in identifying payments.

F-Cost Share: Patient's payment responsibility.

G-Remarks/Codes: A code in this column relates to the narrative description below.

H-OHI Paid: Amount paid by other health insurance, including adjustments applied as a result of agreements between the provider and the OHI.

CHAMPVA Appeals PO Box 460948

Denver CO 80246-0948

YOU MAY APPEAL DENIALS OF:

- Eligibility determinations
- · Benefit coverage
- · Authorization requests
- Services
- Second-level mental health appeals (Note: first-level appeals related to mental health care are completed by our mental health contractor—address on page 19 of the guide).

For an appeal to be considered, you must:

- Submit the request in writing within one year of the date of the EOB, in the case of a denial
 of a service or benefit, or one year from the date of the letter notifying you of a denial of
 eligibility or service.
- · Identify why you believe the original decision is in error,
- · Include a copy of the EOB or determination letter and
- · Submit any new and relevant information not previously considered.

NOTE: If the reason for the appeal is not identified, the request will be returned to you with no further action.

After reviewing your appeal and supporting documentation, a written decision will be sent to you. If you still disagree with the decision, you may request a second review. That request for review must be received within 90 days of the date of the initial appeal decision. Identify why you believe the decision is in error and include any additional relevant information. Second-level appeal determinations are final decisions and cannot be appealed again.

We will not consider appeals regarding:

- The cost share or amount of an individual or family's deductible. By law, this amount is payable by you.
- The allowable amount based on a payment methodology.
- Medical providers sanctioned or excluded by the Department of Health and Human Services' (DHHS), Office of Inspector General (OIG).
 - Providers may be sanctioned for failure to maintain proper medical credentials, fraud and abuse, default on public loans or various other reasons. Only the sanctioned provider or appointed representatives can appeal this decision, and that appeal must go to DHHS-OIG.
- Benefits that are specifically excluded by regulation.

SECTION 8: APPEALS REQUESTS

Appeal requests that relate to the following situations will not receive a formal review, but will be reprocessed when the missing information is received or when you notify us the billing has been resubmitted with a correction. This includes:

- Claim denials for missing code information: Current Procedural Terminology (CPT), Healthcare Common Procedure Coding System (HCPCS), Internal Classification of Diseases (ICD 9/10) and National Drug Codes (NDC).
- Decisions on claims where we are requesting more information before an action is taken on your claim. Examples of this may include claim denials requesting medical documentation, operative reports, treatment plans or a certificate of medical necessity.
- Claim denials requesting an EOB from an OHI.
- Billing errors (e.g., incorrect date of service, incomplete or missing procedure codes and/or billed charges) where a corrected bill is submitted to modify the original claim.
- Determinations of a Veteran's service-connected disability rating must be submitted to the local servicing VARO. The VARO determines the service-connected rating, and a challenge regarding their determination must be submitted to them.

9

Combating fraud takes a cooperative effort. Please help us by reviewing your **EOB** to be sure that the services billed to us were reported properly. If you see a service or supply billed to us that you did not receive, please report it immediately in writing. Indicate in your letter that you are filing a potential fraud complaint and document the following facts:

- The name and address of the provider
- The name of the beneficiary who was listed as receiving the service or item
- · The claim number
- The date of the service in question
- · The service or item that you do not believe was provided
- The reason why you believe the claim should not have been paid
- Any additional information or facts showing that the claim should not have been paid

DETECTION TIPS

You should be suspicious of:

- Providers who routinely do not collect your cost share (co-payment)
- · Providers billing for services that you did not receive
- Providers billing for services or supplies that are different from what you received

PREVENTION TIPS

- Always protect your CHAMPVA Identification Card. Only give your CHAMPVA member number to people you know or are familiar with.
- Be skeptical of providers who tell you that a particular item or service is not usually covered by us, but that they know how to bill for the item or service to get it paid.

REQUESTING OR RELEASING INFORMATION FROM MY RECORDS

Use **VA Form 10-5345a**, *Individual's Request for a Copy of Their Own Health Information*, to request that a copy of your record, or a copy of a document in your record, be sent to you. (The form is available by phone or on the Web.)

Use **VA Form 10-5345**, Request for and Authorization to Release Medical Records or Health Information, if you want us to send a copy of your record, or a copy of a specific document in your record, to a person or entity other than yourself. For example, use this form if you want your information to go to a legal office.

Use **VA Form 10-5345**, Request for and Authorization to Release Medical Records or Health Information if you want us to discuss your claim and eligibility information with a person who regularly assists you in handling your medical care needs, such as your spouse, adult child or friend. Print the words "Recurring Disclosure Authorization" in the Authorization block.

Use **VA Form 10-5345a**, *Individual's Request for a Copy of Their Own Health Information*, to obtain access to selected information from your CHAMPVA record through an online Internet connection. Print the words "CHAMPVA ON-LINE" in the signature block. Additional information about CHAMPVA On-Line is at our website at: http://www.va.gov/hac

| Adjunctive | The treatment is a necessary part of approved care for a covered medical condition. |
|--|--|
| Allowable Amount | The amount we pay plus your cost share. |
| Assignment | When you go to a medical provider, find out if the provider will accept CHAMPVA. Providers most often refer to it as accepting assignment. That means the provider will bill us directly for covered services, items and supplies. Doctors or providers who agree to accept assignment cannot try to collect more than the CHAMPVA deductible and cost share amounts from you. |
| Balance Billing | Balance billing is inappropriate. When the provider accepts assignment, it is an agreement to accept the VA allowable amount as payment in full. You are not responsible for paying the difference between the provider's billed amount and our determined allowable amount. |
| Beneficiary | A CHAMPVA-eligible spouse, widow(er) or child. Beneficiaries may also be referred to as dependents. |
| Centers for Disease Control and Prevention (CDC) | The major United States government agency for disease prevention based in Atlanta, Georgia. |
| Certificate of Medical Necessity (CMN) | A Certificate of Medical Necessity (CMN) is a document provided by your physician that indicates the medical necessity for the care or services prescribed as part of your treatment plan. |
| CHAMPVA | Civilian Health and Medical Program of the Department of Veterans Affairs |
| Chief Business Office Purchased Care (CBOPC) | Administers CHAMPVA |
| Child | Includes birth, adopted, stepchild or helpless child as determined by a VA regional office (VARO). |
| СІТІ | The acronym for CHAMPVA Inhouse Treatment Initiative, a program that permits CHAMPVA beneficiaries to receive care at participating VA medical centers. |

| Coordination of Benefits | We must be aware of other health insurance (OHI) to know when there may be double coverage. If we know this, we can ensure that there is not a duplication of benefits paid between the other health insurance coverage and CHAMPVA. The explanation of benefits (EOB) from the OHI provides the documentation for us to coordinate benefits and pay your claim appropriately. |
|---|---|
| Current Procedural Terminology (CPT) | An American Medical Association nomenclature that provides a uniform language or system of codes that describes medical, surgical and diagnostic services. It provides an effective means for reliable nationwide communication among physicians, patients and third parties. CPT is the most widely accepted nomenclature for the reporting of physician procedures, services and billing purposes under government and private health insurance programs. |
| Custodial Care | Treatment or services, regardless of who recommends them or where they are provided, that could be rendered safely and reasonably by a person not medically skilled, or that are designed mainly to help the patient with daily living activities. These services include but are not limited to: |
| | Personal care, such as help in walking; getting in and out of bed; bathing; eating by spoon, tube or gastrostomy; exercising; dressing; |
| | homemaking, such as preparing meals or special diets; moving the patient; acting as companion or sitter; |
| | acting as companion or sitter; supervising the medication that can usually be self-administered; or |
| | treatment or services that any person could be able to perform with minimal instruction, including but not limited to recording temperature, pulse and respiration, or administration and monitoring of feeding systems. |

(DRG)

Diagnosis Related Groups

A system that hospitals use to classify the resources used to

treat a specific condition or related condition based on the

clinical needs of the patient. The DRG determine the

reimbursement to the hospital.

| Durable Medical Equipment (DME) | Medical equipment used in the course of treatment or home care, including such items as crutches, knee braces, wheelchairs, hospital beds, prostheses, etc. Health coverage levels for DME often differ from coverage levels for office visits and other medical services. |
|---|--|
| Explanation of Benefits (EOB) | A form that provides details of what was paid and the amount of payment. |
| FDA | Food and Drug Administration |
| Formulary | A health plan's list of preferred drugs based on evaluations of the drugs' effectiveness, safety and cost. |
| Healthcare Common Procedure Coding System (HCPCS) | Health care procedure codes used for billing purposes. The HCPCS is divided into two principal subgroups: Level 1 codes are based on the American Medical Association's Current Procedural Terminology (see above). Level 2 codes are used primarily to identify products, supplies and services not included in the CPT codes, such as ambulance services and durable medical equipment. |
| Health Maintenance Organization (HMO) | An organization that provides comprehensive health care to voluntarily enrolled individuals and families in a particular geographic area by member physicians with limited referral to outside specialists. |
| Helpless Child | A child who, before the age of 18, becomes permanently incapable of self-support and is rated as a helpless child by a Veterans Affairs Regional Office (VARO). |
| High Volume | Residential and treatment centers that have 25 or more mental health discharges annually are considered high-volume facilities. |
| Internal Classification of Diseases | The ICD-9-CM (clinical modification) used within the VA is The World Health Organization's official system of assigning codes to diagnoses and procedures associated with hospital utilization and mortality in the United States. The ICD-9-CM serves as a useful tool to classify morbidity data for indexing medical records, medical care review and ambulatory and other medical care programs as well as for basic health statistics. ICD-9-CM codes are currently in use with expectations to implement ICD-10 codes in 2013. |

| Low Volume | Treatment centers that have fewer than 25 mental health discharges annually are considered low-volume facilities. | |

| Medical Necessity | Services, drugs, supplies or equipment provided by a hospital or covered provider that we determine: | |
| | are appropriate to diagnose or treat the patient's condition, illness or injury; | |
| | are consistent with standards of good medical practice in the U.S.; | |
| | are not primarily for the personal comfort or convenience of the patient, the family or the provider; | |
| | are not a part of or associated with the scholastic education or vocational training of the patient and | |
| | in the case of inpatient care, cannot be provided safely on an outpatient basis. | |
| Meds by Mail (MbM) | A pharmacy mailing service that provides a safe and easy way for eligible CHAMPVA beneficiaries to receive nonurgent maintenance medications delivered directly to their homes at no charge. | |
| NDC | National Drug Code, used to identify pharmaceuticals. | |
| Non-Peak Hour | Period of time that call volume is most often less than other times of the day. | |
| ОНІ | Other health insurance, such as Medicare or a commercial health insurance policy. | |
| Over-the-Counter Medications (OTC) | Medications that do not require a prescription. | |
| Payer | Provides payment for a covered medical procedure or supply. A primary payer pays on the claim first; secondary payers and payers of last resort, if available, pay after the primary payer. | |
| Preferred Provider Organization (PPO) | An organization providing health care that gives economic incentives to the individual purchaser of a health-care contract to patronize certain physicians, laboratories and hospitals that agree to supervision and reduced fees. | |

| Primary Payer | A health insurance plan that will pay first on the bills for service. These are typically major medical health plans. |
|-----------------------------|--|
| Qualifying Veteran Sponsor | A Veteran who is in receipt of a VARO award that establishes eligibility for CHAMPVA benefits for his/her dependents. These dependents cannot be entitled to Department of Defense TRICARE benefits. |
| Recoupment | Collection of a debt owed to the government. |
| Secondary Payer | A health insurance plan that pays after the primary payer has determined what they will pay on the claim. |
| Service-Connected | A VARO determination that a Veteran's illness, injury or death is related to military service |
| Spouse | The wife or husband of a qualifying Veteran sponsor. |
| Supplemental Insurance | A health insurance plan that pays after the primary payer has determined what they will pay on the claim. We will pay before a CHAMPVA supplemental policy, but after a Medicare supplemental policy. |
| Survivors | Widow(er)s and dependent children |
| Third Party Liability (TPL) | The term "third party" means any of the following: a federal entity, state or political subdivision of a state, an employer or an employer's insurance carrier, automobile accident reparations insurance carrier, person or entity obligated to provide, or to pay the expenses of, health services under a health-plan contract. |
| VA | Department of Veterans Affairs |
| VAMC | VA Medical Center |
| VARO | Veterans Affairs Regional Office |
| Widow(er) | The surviving spouse of a qualifying Veteran sponsor. |

Notice of intent to conduct computer matching: Public Law 100-503, the Computer Matching and Privacy Protection Act of 1988, permits the government to verify information by way of computer matches. Pursuant to 5 USC 552a, the Privacy Act of 1974, as amended, and the Office of Management and Budget Guidelines on the Conduct of Matching Programs, notice is hereby given of the VA's intent to conduct computer matches with Centers for Medicare and Medicaid Services (CMS). Data from the proposed matches will be utilized to verify Medicare entitlement for applicants and recipients for CHAMPVA benefits, whose eligibility for CHAMPVA is based upon entitlement for Medicare.
