

Bench and Bar Task Force

The 2022 Bench and Bar Task Force; chaired by Sam Junkin, Shanta Owens, and Taylor Perry; served to enhance the relationship between the Bar and the Judiciary. The task force set up Bench and Bar meetings around the state.

Shawn Cole, member of the task force, worked specifically on Worker's Compensation education among the bench and bar. The task force worked with plaintiff and defense attorneys to create judicial education documents with the cell numbers of 8 workers compensation attorneys. Great information regarding workers compensation was compiled and distributed.
