

Family Law Section

The 2023 Family Law Section; chaired by Jessie Hardy; served to promote camaraderie, education and connections between family law attorneys throughout the state. The task force created and continued several initiatives including running the Listserve, and planning and executing Divorce on the Beach CLE and the Retreat to the Beach CLE

We had the largest ever turnout for Divorce on the Beach: Miami Vice, 2023, where we hosted over 300 attendees, judges, sponsors, and their guests in Sandestin, Florida. We can't wait for Divorce on the Beach 2024. We also raised \$9,000 for 3 charities in Alabama.

It was a great year for the Family Law Section; another banner year of growth and progress. We hope our membership continues just as strong in the years to come.
