

## Workers' Compensation Section

The 2023 Workers' Compensation Section; chaired by Amanda Goozee; served to provide continuing education to those attorneys state wide that focus their practice on workers' compensation.

We have continued the Judicial Education Committee to provide general education and training to circuit judges who request same, or are new to the bench, including providing white papers and "cheat sheets" for how calculations are dictated under the Act. We sponsored three free CLEs to our members, as well as made a charitable contributions to Kids' Chance and Legal Aid.

The new officers for the 2023-2024 year are Chairperson, Jared Wood, and Vice Chair, Steve Goozee.
